Library of Congress

OUTLINES.

The newspapers are expected to secure the Democratic campaign funds——Mr. Towne will be one of the speakers in the Bryan campaign——Because of notice to idle miners to vacate premises part of the company's railroad tracks near Birmingham, Ala., is blown up——The Pennsylvania Railroad has absorbed the New York, Philadelphia & Norfolk Railroad and is expected to take control on August 1st——America came out second and very near the top in the Olympic contests in London yesterday——At the instance of Mr. Bryan the Democratic National Committee has appointed a sub-committee to consider the question of a campaign manager. Several persons formerly spoken of for the place have, at their own request, had their names dropped from consideration——Mr. Bryan will be formally notified of his nomination on August 12th, thus giving him in his answer time to reply to anything Mr. Taft may say in his formal acceptance of the nomination by the Republican convention——Mr. Bryan makes suggestions as to his and Mr. Kern's wishes about campaign contributions, the publication of the same and their limitation in amount——Dr. Thomas D. Jordan, formerly comptroller of the New York Equitable Life Assurance Society, and who had been indicted for forgery and perjury, dropped dead on one of the New York subway stations last evening——New York markets: money on call at 1 1-4 to 1 1-2 per cent, ruling rate 1 1-4, closing bid 1 1-2, time loans quiet and steady. Flour steady with a fair trade. Wheat irregular, No. 2 red, 98 1-8 to 99 5-8 elevator. Corn easy, No. 2, 82 1-2 nominal elevator. Oats steady, mixed 57 to 58. Rosin quiet. Turpentine quiet. Spot cotton quiet, middling uplands 11.10, middling gulf 11.35.

It's on schedule time—that periodical rumor, via St. Petersburg, that Germany and Great Britain are about to go to war.

Russia sees no danger of another war with Japan as long as the latter is busy financing that big exposition for four years hence.

Mr. Bryan need not be so uneasy. Mr. Kern would not for a moment think of holding him to the promise of sharing the rooms of the White House with him.

Chief Murphy, of Tammany, who has gotten back to New York from the Denver convention, tells his people that Bryan has a good chance of carrying the empire State. "So mote it be."

"Uncle Remus" is to be succeeded in the editorship of his magazine by Julian LeRose Harris, his son. The new edtor is a man of ability and high aims. We hope he will prove to be a true representative of his father.

Do the Prohibitionists suppose that Mr. Glenn will desert Mr. Bryan so soon making that speech seconding the latter's nomination and become his opponent for the office? We cannot believe he would do such a thing.

If the popularity of Wrightsville Beach continues to grow as it has done of late our Congressmen will have to ask for a national appropriation to enlarge the area of the beach byartificial extension of it into the ocean.

As the Democratic candidate has "Worth" as a middle name, can't the genealogy editor of the Charlotte Observer trace his descent from some Tar Heel ancestor? If he does, of course, he must expect the Virginia papers to take issue with him.

Mr. Bryan now says that remark of his was entirely impersonal which he made some time ago about sharing the White House with Mr. Kern should the two be the successful Democratic candidates next fall. Mr. Kern should hold him to his proposition.

There will be plenty of Presidential candidates for the dissatisfied to select from this year. There are Bryan, Taft, Debs, Watson, the man in the Nevada penitentiary, some one who will be named by the Prohibitionists today, and perhaps a few more will be named before election day. There will be enough and of sufficient variety to suit the most fault finding political crank in the country.

Since the Denver convention we have heard nothing more about Mr. Bryan's anti-prohibition sentiments and we hope the subject will be dropped. We don't know nor do we care what are his views on that subject. They have nothing more to do with his fitness for the office of President than does his opinion on the no-fence law, special school taxation, or any other question of local self-government.

Raleigh	0	3	.000

(Special Star Telegram.)

Raleigh, N. C., July 14.—Wilmington was again too much for Raleigh in the second game with the Sailors on the home diamond of the Red Sox today, score 5 to 2. Raleigh's defeat was largely due to crying need of reinforcements in the box and the failure to get hits when they were most needed to bring in the bases full of runners. The work of Webster, in the box for Wilmington, and Sharpe, at second, were features of today's game. For Raleigh, Hoffman starred with a remarkable catch in left field that won prolonged applause.

Raleigh scored her first run in the second when Dawson's long fly to left was dropped by Kite and he stole second while Hill was fanning out. Reid fanned and with two men down Wrenn hit to Bussey at third base, who erred and Dawson scored. Lee next up was made to beat the atmosphere by Webster. Webster got a nice single in the third for Wilmington, but it netted nothing and Raleigh in her half put another man across the rubber. Hoffman first up was hit by pitched ball and went to second on muffed ball from pitcher to first; Farmer and Wrenn were out in order but Fox laid a nice one down in left and Hoffman scored. A bunch of hits by Ross and Bussey and Webster's safe on first through error and a screamer hit by Sharpe to centre let in two runs for the Sailors in the Fifth, while Webster later scored on the throw-in of Hoey's long fly to centre. Two others were added in the sixth when Doak line out out to centre, Ross laid down a safe bunt and Rath hit a scorcher to centre, bringing in the two men on bases. Jayes next up was hit by a pitched ball and Bussey bunted safely but Webster hit to right and was out while Rath was caught at the plate. Sharpe ended the agony by fanning.

Lyon in the box for Raleigh was replaced just after Wilmington made her three runs, by Lee, who seemed to fare but little better at the hands of the Sailor swat artists. Capt. Smith, who was out of the game at first, went back to his old position in the fifth inning.

The Tabulated Score.

Wilmington	AB	R	H	O	A	E
Sharpe, 2b	4	0	1	1	4	0
Hoey, 1b	4	0	0	10	0	0
Kite, lf	3	1	1	4	0	1

IMPRESSIONS OF THE CAMP

Correspondent Writes Interestingly and Intelligently of Life With Boys' Brigade at Southport. Beneficial Effects.

(Special Star Correspondence.)

Camp Curtis, Southport, N. C., July 14.—During a two-days' stay at Camp Curtis with the Boys' Brigade your correspondent observed a few things that he thought would be of interest to the Wilmington public.

A new departure this year is that Company A, (Seniors) and Company B, (Juniors) are in camp together. The garrison, a Government reservation of seven or eight acres at Southport is the scene of the encampment. Upon approaching the tented city from the river the first tent encountered is that of the commandant, Col. Walker Taylor. This is a spacious and comfortable tent, faces the south and is at the head of the company street. A little forward of and flanking this are two tents occupied by the commissioned officers of Company A. Placed at right angles to these, and facing each other are the two long lines of tents, occupied by Company A, and Company B, respectively; the former named on the left and the latter on the right. At the foot of the street and forming the fourth side of the rectangle are two mess tents seating forty men. To the rear of these are the camp kitchen, the supply tent and two tents occupied by the camp attendants. In all there are 35 tents and 70 men.

The ingenuity displayed and the workmanship done by the boys in providing for their comfort and convenience are of a very high order. The kitchen designed by Corporal T. K. Curtis and built by him with the assistance of other members of the Brigade, is a very interesting piece of work. It was built in town, put together entirely with pegs and screws then taken to pieces and carried to Southport. Each piece is so numbered and lettered that it is an easy matter for two men to put it up ready for business in thirty minutes. When the time for breaking camp arrives it is taken down (which can be done in 15 minutes) and stowed away with the other camping paraphernaia at the Armory and there kept until the next year. The refrigerator is also a very handy piece of work; it is built of wood, in two sections and sunk in the ground for some feet. One compartment is for the ice, butter and milk, the other for the melons, cantaloupes, etc. Thus sweet butter and milk are insured all the time and too, the underground feature lengthens very appreciably the life of the ice. The pump also is worthy of mention, formerly water was carried to the camp from a far corner of the garrison, but this year the boys drove a pump twenty feet in the ground and now have a flow of good water right at hand.

Under Col. Taylor's direct personal supervision the affairs of the entire encampment are run. The system and smoothness that attends the moving of this somewhat complex machinery is truly marvellous and the discipline under which the two companies are is remarkable; they seem to have all the liberty that can be desired, but they also seem to know the difference between liberty and license.

The boys are having a good time and a beneficial one, sufficient exercise, sunlight, fresh air and wholesome food will give tone to their bodies and vigor to their bodies that will count during all the ensuing year. The system and discipline under which they work in camp will not only benefit their personal living but it will enhance their value as members of a community and increase their efficiency as employes.

COMPLIMENTARY DANCE

Another Brilliant Success Scored Last Night at Lumina.

The success of the moonlight dance of the night before proved another drawing card at the complimentary affair to the visitors of the Seashore Hotel last evening and was carried out auspiciously and with beauty. The luminous appearance of Lumina, which in arrangement was exactly as on Monday night, was fascinating and attractive, in its vividness and adornment of electric effects. Among the dancers last night were many visitors and the event was one of prominence.

The dancing began early in the evening and while the happy couples participated in the merriment the moonlight scene blended with the colored lights in full glow. The visitors in whose honor the dance was given were exceedingly pleased and described it is a most noteworthy event.

Once a Fireman, Always a Fireman.

The Fayetteville Observer of Monday afternoon contains an account of the burning of Slocomb's turpentine distillery about 3 P. M. the same day, the loss being between $2,000 and $3,000. The Observer says that Captain W. P. Monroe, assistant chief of the Wilmington Fire Department, was one of the first on the scene and rendered valuable assistance. Assistant Chief Monroe was in Fayetteville with the National Guard on their way to Chicamauga and of course when the alarm sounded "couldn't resist the temptation."

Attend Rehder's special sale Friday. Something new and attractive and a wonderful bargain. Don't forget the date, Friday, July 17th, at Rehder's. **

STOKLEY LEADS ALL

Wilmington Man Was High Gun Against Field of Both Amateurs and Professionals.

FIRST DAY OF TOURNEY

Fine Scores and an Enjoyable Day for Sportsmen From Several States. Ten Events of 200 Targets. The Programme.

R. G. Stokley, of the Wilmington Club, was high gun against the field, both amateurs and professionals, for the opening day of the State and Inter-State trap shoot on the local grounds yesterday, making the phenomenal record of 198 out of 200 targets exposed to his gun in the ten events for the day. And this, too, when all other men at the traps were shooting high.

Stokley received an ovation when he unbreached his gun after a straight run of twenty in the last event about 6 o'clock yesterday evening and his friends crowded about the clever young marksman to give him the glad hand. It is indeed a high record and one of which Stokley and the Wilmington Club have every reason to be proud.

The opening day of the shoot was declared by everyone a splendid success. The weather conditions were well nigh ideal except for a rather stiff breeze during the afternoon from the southwest. The attendance was not large but those who faced the traps embraced some of the best shots in the State from the standpoint of an amateur and some of the best in the United States from among the professionals. Walter Huff, of the Dupont Powder Works, and Guy Ward, of the Ballistite Powder Works, have each won a Grand American Handicap, and Harold Money, of the Winchester squad, now holds the championship of the United States for doubles. In addition to these were such well known expert shots as Colonel J. T Anthony, of Charlotte, with the U. M. C. Co., who shot like a fiend yesterday; A. M. Hatcher, of the American Powder Co., E. H. Storr, of the Peters Cartridge Co., Chas. H. Knight, of the Winchester squad; James Anderson, the U. M. C. and Remington people; C. H. Hartdock, with the U. M. C. and Remington. From the State were Messrs. Simms and Walls, of Wilson; Charles Nuchols and C. C. Bates, of Charlotte, the latter winner of the State championship last year; Dr. J. I. Johnson, of Raleigh, and Mr. Wiley Lawrence, of Richmond, Va

Aside from Stokley's phenomenal record little else was being talked on the grounds yesterday afternoon, but it was a matter of fact that all the scores were high and several of the men showed up in great form. Ward was high of the professionals with 197 out of 200, falling but a single target below Stokley. For third high gun against the field Money and Huff tied with 196 out of 200 in the ten events of the day. Mr. Ward enjoyed the distinction of having the longest straight run, having made it 136. Mr. Storr had a straight run of 132 and Mr. Huff 128.

Messrs. E. Boushee and Chas. Nuchols, the latter of the Charlotte Club, were next high amateurs to Stokley with 189-200. Merriman, of the Wilmington Club, made a phenomenally high record with a new gun, breaking 166 out of 180 targets exposed to his gun while Holmes also made the high record of 185-200. The scores in detail are as follows:

	Shot at	Broke
Money	200	196
Littig	200	161
Nuchols	200	189
Ward	200	197
Dreher	200	182
Walls	200	172
Anthony	200	188
Simms	200	178
Huff	200	196
Hatcher	200	190
Stokley	200	198
Storr	200	193
Johnson	200	180
Bates	200	188
Boylan	200	175
Penny	200	169
Lawrence	200	184
Boushee	200	189
Taylor	200	180
Holmes	200	185
Empie	200	167
Longfellow	80	56
Merriman	180	166
Gibson	40	26
Harriss	120	98

The men shot in squads of five each and all day long the woods around Delgado reverberated with the rattle of the repeating shot guns. Refreshments were served on the grounds and members of the club and visitors made a day of it at the traps. The best team score made during the day was near the last event when Boylan, Boushee, Penny, Taylor and W. W. Lawrence, of Richmond, made 97 out of 100. Stokley shot in one of the fastest squads of the day and there are those who say that his score should have been 199-200, as one of the targets was clearly "dusted" but called lost.

Today the same programme will be shot with an additional number of visitors. Then in addition to the regular shoot there will be 100 targets to determine the State championship. It is likely that there will be no shoot between Virginia and Carolina as the Virginia team has thus far failed to show up.

DR. RALPH B. SEEM CHOSEN

Will Succeed Dr. Robert B. Slocum as Surgeon in Charge of James Walker Memorial Hospital on August 1st.

At the regular monthly meeting of the Board of Managers held yesterday afternoon at the building, Dr. Ralph B. Seem was elected surgeon in charge of the James Walker Memorial Hospital to succeed Dr. Robert B. Slocum, who resigned some months ago, to engage in private practice in this city but who kindly remained at the head of the institution at the request of the Managers until a competent person could be secured.

Dr. Seem has already arrived and is acquainting himself with the duties of his new position preparatory to taking charge on the first of August. The retirement of Dr. Slocum from the active head of the institution is generally regretted, for his has been a most excellent record, but it is good to know that Dr. Seem is a gentleman and practitioner of fine ability and that he will in every way prove a worthy successor of his predecessor. He is a graduate of Johns Hopkins, a class-mate of Dr. Eugene Gray, who was recently assistant surgeon at the hospital here, and for the past two years has been doing work in St. Luke's Hospital, South Bethlehem, Pa. He is a native of Bangor, Pa., and a young man of engaging personality and pleasing manner. He will be most cordially received into the professional and social life of Wilmington.

Dr. Slocum who retires from the management of the hospital will locate on August 1st for the practice of his profession in the offices of Dr. Lionel H. Love, at Fourth and Chesnut streets. Dr. Slocum is too well known in Wilmington to need introduction professionally, at least. He will do general practice, but may be relied upon, of course to keep his interest in an institution which he has done so much to bring up to its present high state of efficiency. The month of June was the largest in point of view of patients in the history of the hospital, no less than 100 patients having been admitted, the total number of days treatment having been 1,467.

TWO BIG EXCURSIONS.

One From Charlotte and Another From Columbia Yesterday—Others.

Two of the largest excursions of the season reached the city yesterday, one from Columbia, arriving at 2:50 P. M., and the other from Rutherfordton and Charlotte, reaching here at 5:10 P. M. Both parties will spend the better part of three days in the city, returning Thursday morning and afternoon.

In the party from over the Seaboard Air Line were 550 passengers, about 100 of whom were negroes. In the party from Columbia, S. C., there were 639, about half of whom were colored people. A majority of the white passengers went through to Wrightsville Beach, the crowds there last night having been immense. The parties were met at the station by three cars of the Tidewater Power Co., and were handled through without inconvenience or delay.

There will be two other excursions in the city today, one from High Point and intermediate points for two days and another will reach the city Friday from Mount Olive, N. C. Mr. Frank Gough, the well known excursion manager of Lumberton, was in the city yesterday and stated that he was arranging for the "biggest excursion of the season" the latter part of the month from Hamlet and intermediate points.

ROBBERY COMMITTED.

Thieves Entered Room of Mr. Poole and Carried Away Quantity.

The officers are making a careful investigation of the circumstances of a bold robbery which occurred the latter part of last week, when some unknown parties entered the room of Mr. John Poole and carried away practically everything available, consisting of several suits of clothing and many other articles to the amount of about $100. Mr. Poole began to look around in order that he might discover what went with his property and was fortunate in finding some of the stolen articles in the second hand furniture and general store of W. J. Davis & Co., on Second street.

This led to a search warrant which was issued from the office of Justice Bornemann and in company with Deputy Sheriff Branch, Mr. Poole went to the store to identify his property. A number of the stolen articles were found and taken in charge. Mr. Davis disclaimed all knowledge of the goods having been stolen, further than to state that he paid $2 for the lot. The officers believe that the guilty parties will be apprehended. It is probable that there will be some arrests in the case today.

Mosquito canopies, all sizes at lowest prices. Go to Rehder's. **

Mid-week Dance Todnight.
at Lumina. Follow the crowds. **

A SCORE POISONED

Twenty-Two Members of Sunday School Party at Carolina Beach Affected.

HAD SYMPTOMS OF PTOMAINE

Thought to Have Resulted From Ice Cream Served to Party—Doctor Hurried to Scene on Special Boat.

Twenty-two children of Grace M. E. Sunday School, members of an excursion party at Carolina Beach for a day's outing, became violently ill early yesterday afternoon, exhibiting every symptom of ptomaine poisoning, thought to have been caused from ice cream served as refreshments during the morning, and causing much anxiety among the parents and friends of the little ones at the beach.

At first no attention was paid to childish complaints of feeling sick but as the illness became more and more general and more and more violent, great alarm was felt and telephone messages were hurriedly sent to the city, a distance of fourteen miles, for physicians to be sent down on the first boat. Captain Harper placed the steamer Southport at the disposal of the physicians, but Dr. J. T. Schonwald was the only member of the profession to reach the boat before she left post haste for the beach. Dr. Schonwald arrived as several of the patients were quite sick, but he soon had them round all right and a majority of them were able to come up on the evening trip of the steamer Wilmington, receiving further treatment at their homes from the family physicians, Dr. Schonwald remaining at the beach to attend those who were not brought up. Dr. Schonwald stated upon his return to the city on the late trip of the boat, that there was every indication of ptomaine poisoning but that it did not manifest itself in the most virulent form. All of the sick ones were reported by Dr. Schonwald and from their homes as doing very nicely indeed at 10 o'clock last night and none was expected to suffer any further ill effect from their rather dangerous experience.

Mrs. E. L. Davis was the only adult who was at all affected by eating the cream, and she only slightly. Her little daughter, Dorothy, however, was quite sick but had entirely recovered last night upon reaching home. Among the others who were ill were two little sons, aged 6 and 8 respectively, of Rev. T. A. Smoot, pastor of the congregation; a little daughter, aged 7, and two little daughters, aged 3 and 5, respectively, of Mr. and Mrs. J. D. Kelly; a little daughter, three years old of Mrs. C. A. Deppip, who was most violently ill but had recovered almost entirely last night; a little daughter, aged 7, and a little son, aged 9, of Mr. and Mrs. L. O. Parrish; a child of Mr. W. T. Mercer, a little daughter, aged 6 or 7 of Mrs. Fountain; the little daughter and a little niece of Chief of Police Williams, who are living on the beach for the Summer, a child of Mr. and Mrs. Eugene Schulken, an infant of Mrs. Paul, two children of Mr. Cliff Anderson; two children of Mrs. Hadden, of Rocky Mount; Lucile Darden and Marion Summerell, two children of Mrs. Linder, a child of Mr. D P. McLean, a child of Mr. N. E. Gallagher and possibly others whose names were not secured.

The news of the poisoning caused much excitement in the city when the first reports were received and, of course, very much exaggerated reports soon became current. The Star office was overrun with telephone messages inquiring for particulars. It was a pleasure to say to all inquirers that the poisoning was nothing serious and that all the patients were doing nicely.

Dr. T. B. Carroll, milk inspector for the city, stated yesterday that the ptomaine could not have occurred in any milk that had been used for the cream in this city. He stated, however, that this morning he would have a conference with Dr C. T. Harper, city superintendent of health, relative to requiring all ice cream manufacturers to install in their places sterilizers that will prevent a recurrence of the experience of yesterday.

STREAMS ARE STILL HIGH.

Bridges Carried Away and Northeast River Ferry is Very Busy.

(Special Star Correspondence.)

Rocky Point, N. C., July 14.—The Northeast river continues to rise. Rural letter carriers on routes 1 and 2 from this point report Cypress creek and Burgaw creek bridges gone. It will take twenty days to replace them. Three men are now required at Blossom's ferry on Northeast river to handle the traffic. No mail has been delivered from Currie and Atkinson in several days. Reports from Kenansville and upper Duplin state that there has been the largest rainfall in those sections for many years. Carrier No. 2 from Burgaw had to remain on his route all night. The river here rises six inches each 24 hours.

Lumina
The place where everybody goes. Big mid-week dance tonight. **

DEMOCRATIC TICKET.

For President—W. J. Bryan, of Nebraska.
For Vice President—Jno. W. Kern, of Indiana.

For Governor—W. W. Kitchin.
For Lieut. Governor—W. C. Newland.
For Secretary of State—J. Bryan Grimes.
For State Treasurer—B. R. Lacy.
For State Auditor—B. F. Dixon.
For Attorney General—T. W. Bickett.
For Commissioner of Agriculture—W. A. Graham.
For Corporation Commissioner—B. F. Aycock.
For Superintendent of Education—J. Y. Joyner.
For Insurance Commissioner—J. R. Young.
For Labor Commissioner—M. L. Shipman.

WHY SOUTHERN DELEGATES NOT SANGUIN.

James Creelman, the well known newspaper correspondent, in his writings from Denver at the time of the Presidential convention, said that the East and West showed confidence in Mr. Bryan's election, but that the Southern delegates seemed in doubt.

Surprise has been expressed at this state of feeling on the part of the representatives of the Southern Democracy. We do not see how anyone understanding the situation at the South should be surprised at this. It strikes us that the feeling was natural on the part of the delegates from this section. For so long has the Southern Democracy been dictated to, forced into acquiescence with the views and wishes of the party of the North, ignored in all party matters, that it is no wonder the party members of our section were disheartened and restive. Presidential year after Presidential year our people are told by the politicians of the party of the North that their "disloyalty" to and "rebellion" against the Union is still of too recent date for the party to select one of its candidates from this section; that because of this it would hurt the cause of the party, to select one of its candidates from our section; but still this is the only section whose electoral votes are cast for the nominee of the party.

The men representing the party of the South at Denver knew of this feeling and they knew, furthermore, that Mr. Bryan was not the choice of all the people of the South and that many of their people were tired having him forced upon them by the bosses of the party in the respective States. They knew that their people were becoming more and more restive each election under the crack and sting of the party lash and they feared that at last the time had come when the people would throw off that servility which they had patiently submitted to through long years of threatened negro rule if they did not stand together as brother white men and vote for any candidates the leaders and rulers of the party foisted upon them.

The Southern representatives realized this feeling among their people, felt this "thunder in the air" and naturally were not so sanguine of Mr. Bryan's election.

These are facts which the strongest advocates in the South of Mr. Bryan's nomination cannot truthfully deny if they know anything of the state of feeling in this section of the Union. There is a restlessness among the Democracy which those who have intelligently felt the public pulse are perfectly aware of. But our delegates at the Denver convention helped to nominate Mr. Bryan. He is our candidate and party men must support him.

CAN THIS BE TRUE?

Of the nomination of Mr. Kitchin and of the whys and the wherefores of his success over the other two candidates Fairbrother's Everything says, among other things:

"Therefore all who opposed Simmons supported Kitchin regardless of the things Kitchin stands for. For instance, dozens of saloon-keepers and ex-saloon keepers, scores of whiskey men and hundreds of men who are opposed to prohibition were after Simmons and supporting Kitchin, not that they loved Kitchin by any means, but because Simmons was the man who is accused of getting the Watts law on the books. There was no chance to overcome this feeling against Simmons. The decree had gone forth that while the whiskey men or anti-prohibitionists knew they could expect nothing in the world from Kitchin, they did know that Simmons had done the mischief to them and they proposed to punish him. The Watts law and the impression that Simmons was the father of it gave Kitchin the lead in the convention—and this is no joke."

How far correct the writer is in the above we will leave our readers to judge for themselves. We hope Everything is in error in its conclusions, for we would prefer to believe that Prohibition had not entered so deeply into the politics of the State and had not created such determined opposition along political lines against any of the leaders on either side of that movement; for if it be true there is danger of the Democratic party being bankrupted by it; for the same spirit which helped the Kitchin faction defeat that to which Mr. Simmons belonged may turn about and aid the Republicans in gaining victory over him, for Kitchin is as much a Prohibitionist as is Simmons. If Everything be rght we have not yet experienced in the politics of the State the full consequences of the Prohibition contest.

MR. TAFT'S FIRST SERMON.

By the above heading we do not refer to the first sermon or to any other sermon preached by Mr. Taft, for we suppose the Republican candidate for the Presidency has yet to preach his first sermon and that its delivery is yet a long ways off in the future; but we make reference to the first sermon preached at Mr. Taft as the Republican nominee and the possible chief executive officer of the United States after March 4 next. It was preached last Sunday by the Episcopal rector in the little church in Hot Springs, Va., and from the following telegraphic account of it we find in yesterday's Charlotte Observer it must have been a very sensible sermon and one that it would do well for the President present or prospective and all other high officials of the Government to note and to heed. The Observer's special dispatch from Hot Springs says:

"It was Mr. Scott who gave to Mr. William H. Taft, on last Sunday morning, some very good talk. He explained that it is always his custom, on the Sunday nearest the Fourth of July, to preach a sermon appropriate to the season. His text for the sermon to which I refer was Psalm XI, third verse: 'If the Foundations Be Destroyed, What Can the Righteous Do?' Mr. Scott put forth plainly the fact that our greatness as a Nation is founded, not upon the productiveness of the soil, nor upon the wonderful output of the manufactories, nor yet upon the bank clearances; none of these things, but upon the morality and spirituality of the people. Continuing, he declared that what we need is, not wiser public men, but better public men; urging that as we go on our leaders should increase in morality and spirituality. Placing the responsibility for the selection of the right men for the great responsibility of public offices, he stated that if he were given the power, he would make the exercise of suffrage obligatory as the doing of jury duty."

PANAMA ELECTION.

Panama held her Presidential election last Sunday, and, for a wonder, everything passed off quietly. This remarkable quiet of a Central American election was due to two facts: One that the little republic had been crammed full of United States marines who were scattered through the country for the purpose of preserving the peace and insuring a fair election; the other, that there was but one candidate for President, the Honorable Don Jose Domingo Abaldia, former Panaman Minister to the United States and acting President of the Isthmian Republic in the absence of President Amador. Senor Ricardo Arias, the opposition candidate, gave up the race as a hopeless affair some while ago—presumably when he saw so many American marines making pre-election visits to the isthmus.

The telegraphic wires running out of Denver had not cooled off from carrying the announcement of Bryan's nomination before the stalwart Democrats of North Carolina had begun forming Bryan Clubs. Selma, Greensboro and Asheboro had already formed them by Saturday night. That's the way to do it. Political clubs do an immense amount of good in a campaign. The way to roll up a big Bryan vote in this State is to form Bryan clubs in every county and township in the State.

"A special sent out from Denver says that Thomas Robertson, of Missouri, appeared on the streets of Denver during the Democratic National convention with a beard four feet long and hair which draped down over his shoulders extending to the small of his back. Mr. Robertson came out of hibernation from Missouri's hills, where, Rip Van Winkle-like, he has been sleeping and letting his hair grow for the sake of William Jennings Bryan. In 1896, when Robertson was a comparatively young man, he made a vow that he would let his beard and hair grow until Bryan was elected President of the United States."

We hope this old man, under his vow, will be able to demand the services of a barber next November, but we are afraid he will have four years more of his long beard and whiskers.

Herman Ridder, editor of the Staats Zeitung, the leading German newspaper of the United States, who went to Denver to fight against Bryan's nomination telegraphs the candidate: "You may rely on the sincere and earnest support of the Staats Zeitung." And so they come; those who for honest reasons opposed Bryan's nomination are now, that he is the party's nominee, putting aside their personal feelings, and pledging their support to him as the party's chosen leader.

Another revolution has broken out in Honduras. This can hardly be called news or cause surprise, as it has been several weeks since there has been a revolt or a civil war in Central America. These disturbances are so frequent these days that they hardly attract any attention from our State Department as they used to do

CURRENT COMMENT.

—The selection of chaplains for the Democratic convention ought to win votes. One was a Catholic, another a Hebrew, and a third a Methodist. There was a fourth but we haven't yet spotted him.—Charlotte News.

—We believe that a Southern, or an Eastern man for Vice President would have strengthened the ticket. Too much trouble to the party has come out of the West to make an entirely Western ticket altogether attractive.—Charlotte Chronicle.

—It was seen in yesterday's dispatches that when the friends and neighbors of Colonel and Mrs. Bryan called on them Friday to offer their congratulations on Mr. Bryan's nomination they were "visibly affected." Their lack of fortitude under the circumstances is surprising. One would have supposed that by this time they had grown accustomed to nominations and the felicitations which follow.—Charlotte Observer.

—The North Carolina delegation to Denver was instructed for Bryan but the anti element seems to have controlled the delegation. Governor Glenn who plummed himself mightily in being asked to second Bryan's nomination, "took the pouts," because he was refused a place on the platform committee; and the election of Senator Simmons a member of the committee over Major Hale is evidence that the majority of the delegation isn't exthusiastic for the peerless.—Statesville Landmark.

—We shall watch with no slight interest the campaign in Caldwell county, since our own candidate for Lieutenant Governor in the person of W. C. Newland, Esq., hails from that county, as does also Moses N. Harshaw, Esq., the Republican leader in the lower House of the Legislature of 1907, who has just been renominated. No Democrat in the State can poll quite so many votes in Caldwell as Will Newland and old man Mose, to use his own expression "just goes hell-in after votes, boys, once I'm started on the trail.' Caldwell takes priority with us.—Salisbury Post.

TWINKLINGS.

—The office which seeks the man in these times has a good chance to get lost in the crowd.—Puck.

—"I would like a position with you as grocery clerk," "Know how many ounces in a pound?" "Sure." "Well, you won't do."—Nashville American.

—Hyker—Browning's wife must be an intellectual woman. Pyker—Why do you think so? Hyker—I notice he seldom has any buttons on his clothes.—Home Herald.

—Young Fitznoodle (with a yawn)—Ya-as, weally, it costs me five thousand a year just to live, don't y'know. Farmer Hardpan—Don't ye pay it! 'Tain't wuth it.—Judge.

—Briggs—They say the French are deteriorating. Griggs—I know it. The last time I was over in France I couldn't even make them understand their own language.—Life.

—Business.—"Of course," said the shrewd business man, "I don't want to be sick, but it looks as if I'd have to call in Dr. Brockleigh for a couple of weeks." "Why?" demanded his partner. "Because he owes men a hundred dollars and that's about the only way I can collect it."—Philadelphia Press.

—The star pupil arose at the school entertainment to declaim his piece. "Lend me your ears!" he bawled. "Ha!" sneered the mother of the opposition, but defeated, pupil, "that's Sarah Jane Baggs' boy. He wouldn't be his mother's son if he didn't want to borrow something."—Baltimore American.

HEAR BRYAN
In Your Own Home

William Jennings Bryan, the silver-tongued orator of the Platte, has made ten Edison Records of the ten best extracts from his ten best speeches. They can be heard at our store. They can be bought for thirty-five cents each, and they can be heard thereafter in your own home. Nothing will furnish more novel entertainment to yourself and your friends this summer than Bryan's speeches on Edison Records made by Bryan himself.

We sell a genuine Edison Phonograph complete for $12.50 or $25.00 on terms of only $1.00 a week. Edison Records are only 35 cents each. They wear forever. New July Records now on sale.

Like Putting Your Money In Bank

The Ludden and Bates Club Plan of piano selling was created for people who really want a high-grade piano, yet lack the ready money for its purchase. By joining the club of one hundred now forming, members can secure a really genuine $400.00 New Scale Ludden and Bates Piano *at once.* We send you the piano as soon as your application is accepted. You pay for it a little at a time each month. It's like putting your money in bank, only better;—you actually save $113.00 on the price.

The Ludden & Bates New Scale PIANO

is a genuine $400.00 instrument if judged by the values of other pianos. It would cost $400.00 too, only for our plan of making and selling one hundred pianos at a time, instead of a single piano like other dealers. The saving to you is $113;-$287 instead of $400.

The Ludden and Bates New Scale Piano is guaranteed for a life time. Has special copper-wound and steel strings throughout. Full cabinet grand, balanced scale, as perfect as skill can make it. Double repeating action, with light, even touch. Genuine ivory keys. Beautiful cases of fancy walnut, mahogany or oak, lined throughout with birds-eye maple. Tone full and rich, with that peculiar "singing" quality found only in the highest grade of piano.

In case of the death of the head of the family we cancel the club contract and make you an outright present of the unpaid balance. The piano then belongs to you absolutely. This free life insurance has allowed the completion of many a musical education, and is worth your consideration. It is practically an assurance that you will not lose your piano through inability to pay dues.

Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.

LUDDEN & BATES, Southern Music House, Dept. BE, Savannah, Ga.

DAY'S DOINGS IN RALEIGH

Disturbing Religious Worship—Several New Corporations—Power Company Increases Capital. Hardware Men.

(Special Star Correspondence.)

Raleigh, N. C., July 14.—A case from New Light township, an unwholesome "belt of the woods," in this county, engaged the attention of Wake Superior Court today, the charge being that John Bailey, a well known young man of that section, had disturbed public worship during a big "Hard-Shell" Baptist meeting in the locality on a Sunday afternoon. Three leading lawyers of the city led the prosecution and two defended with the result that the jury in the end returned a verdict of not guilty.

Two commercial clubs for Salisbury are chartered by the State, one being The Business Men's Club, with $5,000 capital, incorporators J. W. Huss, Z. W. Austin and W. H. Hoover; and the other The Commercial Club, of Salisbury, capital $10,000, by E. M. McInluff, H. C. Williams, P. A. Sweeney and others.

There are four new corporations. The W. S. Reich Furniture Co., Elkin, capital $100,000 authorized, and $5,000 subscribed; The People's Drug Co., Concord, capital $15,000 by Mrs. R. T. Grant, N. J. Wright and others; The Person Drug Co., Roxboro, capital $20,000, by C. T. Williams, R. M. Featherstone and others; The Chas. M. Phillips Co., Winston-Salem, clothing and general merchandise $50,000, by E. E. Thomas, T. M. Benton and others.

The Central Carolina Power Co., of Raleigh, procured from the Secretary of State this afternoon an amendment to its charter changing the name to The Carolina Power & Light Co., and increasing the capital stock from $1,000,000 to $3,750,000. This corporation controls the Raleigh street railway system and important water power locations here about.

A warning to hardware dealers of North Carolina against "underground" insurance that is being offered them through circulars that are being poured into the State by non-resident companies seeking to do business in North Carolina without paying the license tax to which the State is entitled is issued by State Commissioner J. R. Young. He calls attention to the fact that North Carolina business men insuring with these "underground" operators run the risk of being powerless to proceed against one of them in the State courts if question should be raised as to the payment of any policy and takes the ground that the act of such concerns in attempting to cut the State out of its proper revenue makes it appear likely that they would not hesitate when the opportunity presented itself to cut the insurer out of just recovery.

PERSONAL PARAGRAPHS.

—Mr. S. C. Johnson, Assistant State Secretary of the Y. M. C. A., is spending a few days in Wilmington.

—Mr. W. L. Benson is spending a few days out of the city on his annual vacation.

—Mrs. Geo. T. Entwistle and children, of Rockingham, are spending a few days with the family of Mr. C. C. Comington.

—Miss Lillian Jordan, of Lynchburg, Va., is in the city on a visit to Mrs. B. McD. Russell, on North Ninth street.

—Masters Walter and Robert Holt, of Fayetteville, arrived yesterday on the steamer C. W. Lyon to visit relatives in the city and at Wrightsville Beach.

—Mrs. W. H. Turlington and daughter, Miss Grace C. Turlington, left yesterday evening for Halifax, Nova Scotia, where they will spend the remainder of the Summer.

—Fayetteville Observer: "Mrs. I. W. Hughes and children, Misses Alene and Alice, Mrs. N. W. Ray and Master Thos. Wooten, are spending a while at Wrightsville Beach.

—Mrs. Chas. A. Lertz, of Jackson, Miss., is visiting the Misses White, her sisters, at No. 113 Chesnut street, and is being cordially welcomed by many friends in this city.

—Elder C. C. Norris, of Magnolia, who preached at the dedicatory exercises of the Advent Christian Church on Middle Sound last Sunday, returned home yesterday afternoon.

—Mrs. John Hall, accompanied by her little son B. F. Hall, Jr., and Mrs. A. M. Hoke, left yesterday for Lincolton, where they will spend the remainder of the Summer.

—Yesterday's Charlotte Observer: "Mrs. Frank D. Alexander has returned from a visit to her parents, Mr. and Mrs. A. D. Brown, at Wilmington. She spent some time also at Wrightsville."

—Mrs. S. E. Graham, accompanied by her daughter, Mrs. Clarence E. Motte, left Monday for Florence and Greenwood, S. C., to visit friends and relatives for the remainder of the Summer.

—Saturday's Fayetteville Observer: "Miss Eunice Sinclair entertained a number of her friends last night at her home on Haymount in honor of her guests, Miss Eva Moody, of Hickory, and Miss Gladys Herring, of Wilmington."

—Mr. and Mrs. H. B. Sholar, of Columbia, S. C., are in the city on an extended visit to relatives and friends, and are stopping with their sister, Mrs. Benjamin Motte, on Walnut street.

—Yesterday's Charlotte Observer: "Miss Hattie French, of Wilmington, is the guest of Miss Louise Lutterloh at her home, No. 901 North Tyron street.——Mr. and Mrs. A. B. Yandle have gone to Wrightsville Beach, where they will spend three weeks, occupying their cottage."

—Among the Charlotte people arriving at Wrightsville Beach are the following: J. Marshall Davenport, Mr. and Mrs. S. R. Lentz and Miss Lou Trott, Mr. and Mrs. C. B. Bryant, Mrs. W. W. Orr and little son, Mr. and Mrs. W. A. Neal, Mr. and Mrs. Carey W. Butt.

—Charlotte News: "Mr. and Mrs. E. G. Buchanan and daughter have returned from Wrightsville. They leave soon for New York where they will spend a month or six weeks——Mrs. W. W. Watt has returned from a fortnight's stay at the Seashore Hotel, Wrightsville."

—Yesterday's Charlotte Observer: "Mr. C. H. O'Berry, night clerk at the Selwyn, left last night for Columbus, O., where he will make his future home.——Mrs. T. S. Franklin and Master T. S. Franklin, Jr., returned yesterday morning from Wrightsville Beach where they spent a while."

DISMISSED A JURY.

Judge Neal Didn't Like Verdict Rendered in Wake County.

(Special Star Telegram.)

Raleigh, N. C., July 14.—Judge Walter Neal, of Laurinburg, today peremptorily dismissed a jury because it returned a verdict of not guilty instead of guilty in the case of Joe Bailey, a young farmer of New Light township, charged with making a disturbance at a Primitive Baptist meeting in that neighborhood. The Judge held that under the evidence the jury should by no means have rendered a verdict other than guilty. Judge Neal takes the ground that juries are more and more prone to render verdicts contrary to the evidence and he wants to suppress this tendency as far as possible in his court. Much neighborhood feeling had developed in this case as to the guilt or innocense of the young man.

Brilliant Lumina

Follow the crowds to the mid-week dance at Lumina tonight. **

LOCAL DOTS.

—First Church of Christ, Scientist, church edifice, Market and 17th streets; services this evening at 8:15 o'clock. All are invited.

—The river steamer Lyon was in port yesterday afternoon, for the return to Fayetteville. She brought a good freight and passenger list.

—William Johnson, colored, was arrested yesterday by Officer D. W. Coleman on the charge of an assault with a deadly weapon. The deed was committed over a year ago, at which time Johnson skipped out and his whereabouts have been unknown.

—Tom Blackman, the young white man arrested for vagrancy, was discharged at the trial in the police court yesterday. Eugene McLeod, a colored woman, for misconduct and drunkenness on two charges, was sent to the county farm to serve sixty days.

—A deal was consummated yesterday by which Mrs. Gertrude S. Foster and Mr. E. B. Pleasants each purchased from Mr. H. A. Decover, trustee for the Tabernacle Christian Church, for $3,000 each, lots 33x165 feet in size on east side of Sixth, between Princess and Chesnut streets, adjoining property now owned by them.

—A number of deeds were recorded yesterday as follows: Caroline R. Galloway to John R. Evans, lot on Princess street, 138 feet from eastern line of Fourth street; E. H. Freeman to Elizabeth Wallace, lot on Love's Avenue, 172 feet from the southern line of Harnett street; W. M. Cumming and wife to Thos. R. Mask, lot on Anderson street, 99 feet southwardly from southern line of Rankin street

MACK BORDEAUX DROWNED.

Young White Man Missed Footing in Fatal Leap From Scow.

In an effort to jump from a scow to the deck of the government dredge Hercules, at work in the river just below Big Island, Mack Bordeaux, a young white man, about 18 years of age, employed as a deck hand on the dredge, missed his footing, fell overboard and was drowned yesterday afternoon shortly before 6 o'clock. Up to a late hour last night the body had not been recovered.

Bordeaux had been employed for some time on the government work in the river and was formerly employed as a clerk in Wilmington, where his father and several brothers and sisters live at Third and Dawson streets. He was well liked by those who knew him and the news of his death was learned of with regret.

Several members of the crew saw him when he fell and efforts were made to save him, but proved to no avail. Soon after he sank beneath the surface all hope of saving him was abandoned. However, a search of several hours was made to recover the body, which they were unable to find last night. Another effort will be made this morning.

POPULAR COUPLE TO WED.

Mr. Harry F. Kydd, of Columbia, and Miss Edith Butler.

An interesting and pleasing marriage event will be solemnized in Wilmington today, the parties being Mr. Harry F. Kydd and Miss Edith Butler, daughter of Mr. and Mrs. Charles M. Butler. The marriage vows will be said at the home of the bride, No. 216 South Third street, and immediately afterwards the couple will leave for the home of the groom at Vancouver, British Columbia, where they will reside.

The prospective groom is well known here as former manager of the Armour Packing Company. Since leaving Wilmington some sixteen months ago he has been engaged in the hardware business. The wedding will be of interest to a large concourse of friends.

Asks Aid of Wilmington People.

Professor Geo. W. Herring, colored, principal of the Colored Normal and Industrial School, of Clinton, is spending a few days in Wilmington seeking aid for his institution and has already obtained several liberal donations for this worthy object. He carries recommendation of high Gorder from Governor R. B. Glenn, Mr. L. A. Bethune and State Superintendent of Public Instruction J. Y. Joyner and the school is doing a great work for the education and training of the colored race and any aid given by Wilmington people, will be thankfully and deservingly received by Professor Herring.

Frank Dalton Was Released.

At the session of the police court yesterday Frank Dalton, the crippled white tramp who was held in custody Monday on suspicion, was given a hearing and released on condition that he immediately vacate the city. As will be recalled the defendant was being held in order that an investigation of the circumstances which led to his arrest might be carried out. The two boys who were with Dalton and informed Mayor Springer that their home was in Atlanta, have not been seen since Monday. It is believed that they have left the city.

Southport Excursion.

An excursion will be run by Circle No. 1 of Fifth Street Methodist church to Southport next Thursday and it promises to be one of interest and delight. The excursionists will have an opportunity to visit the encampment of the Boys' Brigade and it will be a day with many pleasant features. The Circle has obtained the use of the large pavilion at Southport and will serve refreshments there. The Wilmington will make two trips, leaving the city at 9 A. M. and 2 P. M.

1:42. Umpire, Mr. Ruhland. Attendance 500.

The Game by Plays.

The game yesterday afternoon was taken by innings at the store of the Gerken Tobacco Company and the same will be true of this afternoon's exhibition in the Wake county seat. Bussey will be in the box for the locals and, of course, everybody will want to watch him on the slab at long distance. The fans of the city are expected to chip in so that the returns may be free to all. A fine game and a perfect report of the diamond doings is assured.

NO ACTION ON RATES.

Special Meeting of Chamber of Commerce Resulted in Naught.

The special meeting of the Chamber of Commerce called yesterday at noon to consider the advance in freight rates resulted in no action being taken. Mr. R. A. Brand, freight traffic manager of the Atlantic Coast Line, was present by invitation and made an address giving an intelligent view of the situation and the sentiments expressed by him were voiced by several others on the floor. The Chamber decided that as long as the rates to Wilmington were left on the same relative footing as with Virginia gateway cities, there would be no occasion to appeal to the Inter-State Commerce Commission as has been done by several other cities.

A few weeks ago, notice was given by the Southern railways that an increase of the rates on fresh meats would be made into Carolina territory from Ohio and Mississippi crossings. The Inter-State Commerce Commission has now been informed that a general advance in rates, effective August 1st, will be made by Southeastern lines on all commodities of Southern classification, taking classes B. C. D. and F. from Ohio and Mississippi crossings to all Southeastern points. The increase amount to three cents per hundred on class B; two cents per hundred on classes C and D, and four cents a barrel on class F. The increases are on packing house products, grain and grain products and flour in sacks and barrels. While no announcement is made with respect to fresh meats, the rate on them now is based on 10 cents over the rate on class B commodities and it is likely that an additional increase on fresh meats eventually will be made.

TENNESSEE STATE TICKET

Ratified Will of Party as Expressed in Primary.

(By Wire to the Morning Star.)

Nashville, Tenn., July 14.—In a convention remarkable for its size and the demonstrations, the Democracy of Tennessee tonight formally ratified the will of the party as expressed in the primary of June 27 last. Following is the ticket, in each instance the incumbent being re-nominated.

Governor Malcom R. Patterson, of Shelby county.

Justice Supreme Court—Benjamin D. Bell, of Sumner county.

Judge Court of Civil Appeals—A. N. Lamb, of Henry county.

Railroad Commissioner — Frank Ayent, of Rutherfors county.

The platform as adopted "reaffirms the time honored principles of the party as handed down by its founder, Thomas Jefferson, and as emplified by its present great leader and exponent, Hon. W. J. Bryan. It endorses the platform of the National Democratic Convention made at Denver and pledges its undivided and loyal support to the nominees of that convention.

"Being in thorough sympathy and accord with the efforts of the National Democracy to restore the government to its ancient moorings and to re-estanlish it on the old foundations of the representatives of the people and the consent of the governor we send our greetings to the Democrats of other States and pledge the electoral vote of Tennessee, to its nominee for President and Vice President."

—Durham, N. C., July 11.—All the mortal remains of Earle J. Tatum, a silver urn partially filled with ashes, have reached here from the Philippine Islands, where the young man died March 29th, smallpox being the cause of his death. The ashes are at the home of the young man's father, Mr. J. W. Tatum, and kept in sacred remembrance of him who left the home in fine health and great hopes some four years before he was stricken with the fatal malady. Mr. Tatum was in the employ of the government as electrical contractor and inspector, and after working in this country for some time, he was sent to the Philippines, and had charge of a big contract when he was stricken with the smallpox, that is usually fatal in that part of the world. At the time he was taken ill he was engaged to be married to Miss Ellison, a niece of the governor general of the Islands, and the story of how his sweetheart left her home and risked her life in order to nurse him has been told in the papers. He died just ten days before the time set for his marriage. It was impossible to ship the remains of a man who had died with smallpox such a long distance, and the first news of his death told that the body had been cremated and that the ashes would be shipped home in a reasonable length of time. The urn came this week. It is of solid silver about 15 inches high, and sealed, the urn being something in the shape of a vase. On the side of this urn is an inscription telling the contents of the silver vessel, giving the time of death, cremation, age and other information. Mr. Tatum was 28 years of age at the time of his death.

—The Daylight Saving Bill.—Enthusiastic Supporter—And then, you see you pretend you're getting up at the usual time, and you're really getting up twenty minutes earlier. Conscientious Objector—Oh, but wouldn't that be rather deceitful?—Punch.

August 10, 11, 12.—Wilmington at Goldsboro; Raleigh at Wilson.

August 13, 14, 15—Wilson at Raleigh; Goldsboro at Wilmington.

August 17, 18, 19.—Goldsboro at Raleigh; Wilmington at Wilson.

—Asheville, July 13.—An exciting and sensational occurrence took place in the establishment of the Asheville Dry Goods Company, on Patton avenue, this morning, when J. C. Wallace, proprietor of the J. C. Wallace Carriage Manufactory, entered the store in company with his daughter, and walking up to Julius Seysman, one of the salesmen who had been pointed out by the little girl, demanded an apology for an alleged previous act of the salesman. The demand for an apology was backed up by Wallace shoving a vicious looking weapon under Saysman's nose. Seysman apologized when Wallace drew forth the butt end of a whip and proceeded to pound Seysman, at the time, keeping Seysman covered with the pistol. Seysman was compelled to get down on his knees, when Wallace again pounded the salesman with the butt end of the whip. During this exciting period Swartzberg, of the Asheville Dry Goods and Clothing Company came up, when Wallace pointed his weapon at Mr. Swartzberg, at the time commanding him to stop and "not come a step nearer." Swartzberg stopped and Mr. Wallace striking Seysman two or three more blows, turned and left the store.

DIED OF HEART DISEASE

Tragic Death of Dr. Jordan, Formerly Comptroller of the New York Equitable Life Assurance Company—Indictments.

(By Wire to the Morning Star.)

New York, July 14.—Thomas D. Jordan, formerly comptroller of the Equitable Life Assurance Society, dropped dead of heart disease late today in the Wall Street station of the subway. His death was attended by tragic circumstances. Scores of persons saw him fall, among them Dr. F. C. Wells, a friend. Dr. Wells hurried to the side of his stricken friend, but he saw immediately that Mr. Jordan was dead. Mr. Jordan had parted from his son, Frank B. Jordan, only a moment before, and a messenger overtook the young man on the street, and informed him of his father's death. The son was overcome with grief.

It was in the course of the Armstrong committee insurance investigation that Mr. Jordan's name came prominently before the public. It was brought out then that Comptroller Jordan had secured loans aggregating $685,000 for himself and James W. Alexander, former president of the Equitable, from the Mercantile Trust Company, and that these loans had been covered up on the books of the company. This $685,000 came to be known as the "Yellow Dog" fund.

A desire was expressed by the Armstrong committee that Jordan appear before the committee and explain his financial management of the Equitable, but the process servers were unable to locate Mr. Jordan. His son was called before the committee and asked to tell where his father was. The young man said he did not know.

It was after the Armstrong committee investigation had come to a close that Jordan put in an appearance. It was then learned that he had been in Europe. As a result of the disclosures made before the Armstrong committee the grand jury found 18 indictments for forgery and one for perjury against Jordan. Only recently Mr. Jordan appeared before Justice Goff to plead not guilty to the indictments. His trial was set for the fall.

Since his indictment Mr. Jordan had remained before the public eye as little as possible. While he was active in financial circles his name seldom appeared in print.

Mr. Jordan had come to New York today from his home in Englewood, N. J., to attend a director's meeting of the Paseo Improvement Company, of which he was vice president, when he was stricken. As soon as Mr. Jordan's son had been summoned the body was taken to the police station. There it was viewed by Coroner's Physician Weston who said that death was due to heart failure or apoplexy and that an autopsy was unnecessary.

ANOTHER MYSTERIOUS MURDER.

The Body of a Young Woman Found in a Mill Pond.

(By Wire to the Morning Star)

Troy, N. Y., July 14.—Out of a maze of theories which confront the authorities who are trying to life the cloud of mystery surrounding the death of 19-year-old Hazel I. Drew, whose body was found in an old mill pond near Averill Park last Saturday, nothing tangible developed today that points to the murder or the motive for the crime. No arrests have been made although the police have closely questioned several persons whom it was thought might throw some light on the case. That the girl was assaulted before she was murdered and thrown into the pond is the generally accepted theory, but the body was in such a state of decomposition when found as to make it practically impossible for the physicians to determine that fact. Theories multiply as to the motive of the murder. The girl was not known to have had an enemy or a sweetheart, and the local authorities today were even willing to take up the possibility of suicide. The physician's statement, however, to the effect that there was no water in the lungs, is given as proof that the girl was dead before her body was thrown into the pond.

SHRINERS' OPENING SESSION.

Principal Meeting Today to Transact General Business.

(By Wire to The Morning Star.)

St. Paul, Minn., July 14.—The opening session of the Imperial Council of the Ancient Order of the Mystic Shrine, was held today but the principal session will be held tomorrow, when officers will be elected and the place for the meeting in 1909 selected.

The big events of the day were the parade this morning from the Ryan Hotel to the Auditorium where the Council session was held, the breaking of ground for the new Masonic Temple being erected in St. Paul, the banquet at the Auditorium this afternoon and the electrical parade tonight.

The executive session of the Imperial Council was preceded by an opening meeting at which addresses of welcome were delivered by Mayor Daniel W. Lawler, of St. Paul, Frank A. Day, private secretary to Governor Johnson, who spoke for the chief executive of the State.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at R. R. Bellamy's drug store. 50c. and $1.00. Trial bottle free.

HEAT KILLS FOUR.

Period of Tropical Weather Broken by Electrical Storm.

New York, July 14.—The tropical heat spell which has enveloped New York for nearly three weeks, killing over three score of persons and prostrating hundreds, was broken today when a severe electrical storm, accompanied by rain and hail, swept over the city. Four persons died today as a result of the heat before the storm came. The temperature dropped 20 degrees within a few minutes after the storm broke, touching 71 degrees.

The whole city was wrapped in darkness by heavy black clouds during the storm and lightning played incessantly. One bolt struck and set fire to a five-story brick factory of the Green-Point Metallic Paint Company, in Williamsburg, and burned it to the ground. There was a panic among the employes and several were hurt in the rush to escape.

ADOPT PLATFORM.

Prohibition Convention Side-Track Woman Suffrage.

(By Wire to The Morning Star.)

Columbus, O., July 14.—The Ohio Prohibition Convention today adopted a platform and nominated a full State ticket. Woman's suffrage was sidetracked by an overwhelming vote.

Temporary Chairman H. L. Peeke, of Sandusky, whose keynote address Monday included a direct attack on woman suffrage, was defeated as a candidate for member of the National committee. But his defeat was caused mainly by his criticism of the churches for alleged lack of interest in prohibition, while his opposition to woman's suffrage carried the convention. Aaron S. Watkins, of Ada, Ohio, was nominated for Governor and J. B. Martin, of Hamilton county, was named for Lieutenant Governor.

The platform as reported to the convention by Rev. Harry F. McClain, of Portage county, chairman of the resolutions, declared for suffrage based on the "intelligence and morality of the citizen," but did not contain the phrase "Woman's suffrage."

John Jacobi, of Marion, moved to add the words "Without regard to sex," and a warm debate ensued, in which it was brought out with party leaders thought to emphasize the suffrage plank would hurt the party in the campaign. By an overwhelming rising vote the suffragists were defeated and the plank was adopted as it had come from the committee.

Carrie Nation, the erratic temperance worker, was an interested spectator when the question of adding the words "Without regard to sex" was voted on. She arose to vote to add them, but took her seat again when she remebered she was not a delegate.

—If the Democratic party wins, gets control of Congress and lives up to its platform, there will be no more shipping of whiskey into North Carolina, or from any one State into another State. The platform provides that Congress "shall exercise complete control over inter-State commerce." A very innocent clause, but it is loaded to the muzzle.—Charlotte Chronicle.

THE C. W. POLVOGT COMPANY

SPIRITS TURPENTINE

—Tarboro Southerner: Miss Laura Mae Baker, daughter of Mr. and Mrs. F. S. Baker, former residents of Tarboro, was quietly married last Thursday morning to Mr. E. E. Cox, at the home of the bride's parents in Carrollton, Ala., by Rev. S. N. Burns.

—Rocky Mount Record: Mr. L. F. Tillery today received a telegram announcing the death of his uncle, Mr. Archie Toon, who died this morning at his home in Chadbourn. Mr. Toon was an elderly gentleman and was in feeble health for some time before his death.

—Tarboro Southerner: Fifteen dogs are dead as the result of some miscreant scattering poison biscuits in the lots of owners in many parts of the town. The dead canines include full blooded bull dogs and thorough-bred hounds, and it goes without saying that if the guilty party is apprehended there will be trouble.

—Charlotte News: Papers of incorporation of the Carolina Ice Machine Company have been filed with the clerk of the Superior Court. The company is capitalized at $25,000, and the incorporators are Messrs. C. L. Alexander, J. Reed Curry and S. D. Miles. The purpose of the company is to manufacture machines for making ice.

—Gastonia Gazette: Lovers of fruit—and that includes about all of us—are now in clover. Apples and peaches are cheap, especially the former. Only this week some first-class apples were sold on the local market for ten cents a bushel and in one case the owner being unable to sell at any price, a wagon load of apples were dumped in the road.

—Winston-Salem, July 13.—Ellen Myers, 13 years of age, who was spirited away from this city six years ago by some parties from Reidsville, when she was only seven years of age, returned home last night. During all this time, the child's grandparents, with whom she formerly lived, knew absolutely nothing about her whereabouts and had long since given her up for dead.

—Charlotte Observer: Judge Platt D. Walker received a telegram announcing that Capt. Oliver H. Dockery, of the United States army, had been operated on for appendicitis at Duluth, Minn., where he is the recruiting officer of that station, and that his condition was then satisfactory. Later a telegram to Judge Walker stated that the condition of Captain Dockery is very serious.

—Wilson Times: Notwithstanding the fact that four delegates to the National convention were selected by the Second Congressional district, we are informed that not a single one attended. Of course, Capt. Tom Washington, of this city, should be excused on the ground that his hands as president of the League, were full of baseball, but what excuse have the others to give?

—Fayetteville Observer: Mr. E. H. Porter, the expert engineer of the Fort Wayne Electric Company, who came here to examine the water power at Manchester of the Little River Power and Transmission Company, returned to Philadelphia Saturday night. He was well pleased with the power and estimated that it would develop 360 first-class horse power, that is, that amount at any period in the year.

—Lincolnton News: Mr. Charles E. Robinson writes back from Waitsburg, Washington, that he is having the time of his life out there and feels intensely sorry for those left behind in Lincoln county. Mr. Robinson went fishing a few days ago and caught 185 trout, weighing from 10 to 20 pounds each, and measuring in length from one to three feet. He says they haven't as fine flavor as our South Fork river trout, but are more plentiful.

—Rocky Mount Record: Morehead City and the eastern Carolina coast have a strong competitor, as good fishing in a certain Edgecombe county stream was established on Wednesday of this week. Mr. Sam Jenkins, Sr., and a party of four friends succeeded in landing over 400 fish from Noble's mill pond about nine miles from this city. Every fish was caught with a hook and line and a large percentage of them were yellow and chinquepin perch. That the catch was a remarkable one is evident, and with a few more hauls like this one the fisherman afar off will sit up and take notice at this discovery in Edgecombe county.

—News and Observer: On yesterday evening Co. J. Bryan Grimes received a telegram announcing the death of Miss Susan Baker Saunders at the home of her mother, Mrs. F. C. Saunders, in washington, N. C., at 7 o'clock yesterday afternoon. The interment was made in the Episcopal cemetery at Scotland Neck this morning, where other members of the family are buried. Miss Saunders was a daughter of the late Col. Joseph H. Saunders, of Pitt county, and was 27 years of age. She graduated at the State Normal in 1898 and has since been teaching in the graded schools of Washington and Salisbury. Of much originality, of strong mind and many acquirements, she was one of the most gifted young women in the State. Her mother, Mrs. F. C. Saunders, of Washington, and three brothers, J. McK. Saunders, of Washington; John Saunders, of Rocky Mount, and Dr. Jos. H. Saunders, of Everett's, survive her.

Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constiuation, malaria or biliousness." Sold under guarantee at R. R. Bellamy's drug store. 25c.

Pepsin Can't Do All

Pepsin digests only albumen—not starch, not fat. Digesters that depend on pepsin are but half-way helps. Kodol alone digests all foods—does it at once and completely. Please note our guarantee.

It is wrong to suffer from indigestion, when Kodol means instant relief. Please let it digest your food.

If your ankle was lame you would aid it. If the body was weak you would rest it. It is far more important to rest the weak stomach.

Not by dieting, for that means partial starvation. The body requires many sorts of food. To cut out some elements means to rob some parts.

But let Kodol, for a little time, do what the stomach can't do. Then see how quickly the stomach recovers.

Undigested food grows hard, and irritates the stomach lining. It causes inflammation—sometimes ulceration. That is the source of the pain.

It also ferments and forms gas. It decays and breeds germs. And those germs load the blood with their poisons. That leads to serious troubles.

Don't think that the stomach can ever get strong while those conditions continue.

Kodol consists of all the digestive elements, in highly concentrated form. It digests all sorts of food, and completely. It does all that the healthiest stomach can do.

Pepsin is part of it, but pepsin digests albumen only. Starch requires something else, fat something else. Kodol combines all that is needed.

Digesters which depend solely on pepsin do only what pepsin does. They are but half-way treatments. Other elements are just as essential, and they must be in liquid form.

That is why Kodol is liquid. And, because it is liquid, like the digestive juices, its action is instant. It even begins in the mouth—by increasing the flow of saliva.

The action of Kodol can be easily proved, either in the stomach or out of it.

Eat what you need of the food that you want, and take Kodol. Note the absence of pain and gas. You know to a certainty that the food is digesting.

Or you can see it digest food in a test tube, under proper conditions. In these laboratory tests, Kodol digests every whit of the food, just as it does in the stomach. All other digesters digest but part of the food, just as they do in the stomach.

Don't employ half-way measures, for the stomach needs complete relief. Any undigested food will, through irritation, interfere with the cure. Nothing but Kodol does all that must be done. No other digester can digest all foods.

Our Guarantee

We ask you to prove these statements at our risk. Buy a dollar bottle of Kodol, and ask for the signed guarantee. If the results are not as claimed, take the empty bottle back with the warrant, and your druggist will return your money.

This offer applies to the large bottle only, and to but one in a family. This is sufficient to prove how much Kodol means to you.

If you need relief, won't you learn how to get it on such a fair offer as that?

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago. The $1.00 bottle contains 2½ times as much as the 50c bottle.

COW PEAS—$1.90@$2.00 per bushel.

WOOL—Free of burr, 15c; burry wool, 10 to 12 1-2c.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, July 14.—The cotton market opened steady and unchanged to a decline of 3 points and further declined a point or two under a brief interval of local bear pressure, October selling off to 9.22. The weakness was due to unsatisfactory cables and continued bearish crop reports. But it transpired that sellers were scarce and any attempt to cover shorts resulted in a quick return in prices. The weekly crop report from Washington was allowed to come and go before the bears became anxious bidders. Early in the afternoon a report reached the floor of the exchange to the effect that hot winds had visited the region centered by Huntsville, Ala., and an immediate rush to cover was the result. Prices moved up rapidly. The high point of last week was 9.41 for October, this morning that position sold off to 9.22, but on the covering demand and with a steady absorption by spot interests and of not a little improvement in public demand the price touched 9.46, 24 points above the low level of the forenoon and closed at 9.45, representing a net rise of 18 points. A feature of the afternoon trading was an expanding interest on the part of public operation. The market was finally very steady at a net rise of 5 to 18 points, chiefly on the new crop position. Sales estimated at 150,000 bales.

Receipts at the ports today 6,758 bales against 8,437 last week and 1,728 last year. For the week 30,000 bales against 33,287 last week and 10,361 last year. Today's receipts at New Orleans 435 bales against 742 last year and at Houston 1,561 bales against 268 last year.

Spot cotton closed quiet, middling uplands 11.10; do gulf 11.35. Sales 200 bales.

Futures opened steady and closed very steady.

Month.	open.	Close.
July	9.45	9.50
August	9.35	9.46
September	9.28	9.45
October	9.27	9.45
November	9.15	9.30
December	9.15	9.29
January	9.07	9.21
February	9.08	9.20
March	9.05	9.20

LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, July 14.—Spot cotton quiet, prices 13 points lower. American middling fair 6.78; good middling 6.42; middling 6.14; low middling 5.76; good ordinary 5.18; ordinary 4.78.

The sales of the day were 4,000 bales, of which 200 were for speculation and export and included 3,500 American. Receipts 22,000 bales, including 15,300 American. Futures opened quiet and steady and closed steady. July 5.68 1-2; July and August 5.63; August and September 5.29; September and October 5.13; October and November 5.06 1-2; November and December 5.01 1-2; December and January 4.98 1-2; January and February 4.96 1-2; February and March 4.97 1-2; March and April 4.98; April and May 4.99.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 15.—The dry goods market ruled generally quiet. Cotton goods and cotton yarns were a shade lower for spots. The export trade was quiet. Silk piece goods showed a firmer tendency. At the first auction sales of woolen and worsted piece goods for the Fall season 1,200 were sold.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star)

New York, July 14.—The stock market showed a tendency to slip back in the rut of dullness from which last week's animated dealings had stirred it until the persistent strength of the market prompted a renewed outburst of buying in the final dealings. In spite of the early dullness in demand there was conspicuous scarcity of offerings of stocks. This was sufficiently marked to make it the characteristic feature of the market. The demand though moderate, was effective in holding prices. U. S. Steel touched 42. The Southern Pacific stocks were another centre of strength.

The railroad freight rate problem continues to occupy a position of prime importance in the financial view and the horizontal advances announced in all classes of freight to Texas destinations was regarded as indicative of intended action in other fields. A sharp diversion from the prevailing strength shown by the market was caused by the sudden pressure on the Rock Island and allied securities.

The money market was still moderately affected by the withdrawal of Government deposits from the banks and by the preparations for the payment of the final installment of subscriptions to the Union Pacific funding bonds. Foreign exchange advanced and gold exports were under consideration. The stock market closed with large buying going on in various quarters of the last.

Bonds were heavy. The expected offering of 13,000,000 of Delaware & Hudson bonds sold to bankers was an influence. The Union Pacific bonds when issued yielded to 95, the lowest price yet touched. The Rock Island system bonds were all weak. Total sales, par value, $2,358,000. United States bonds unchanged on call. Total sales today 458,000 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, July 14.—Money on call easy 1 1-4 to 1 1-2 per cent., ruling rate 1 1-4, closing bid 1 1-2, time loans quiet and steady, sixty days 1 3-4 to 2 per cent., and ninety days 2 to 2 1-4 six months 3 3-4 to 4 per cent. Prime mercantile paper 3 1-2 to 4 per cent. Sterling exchange firm, with actual business in bankers bills at 4.8715 for demand and at 4.8580 to 4.8590 for sixty day bills. Commercial bills 4.85 3-8 to 4.85 1-2. Bar silver 53 3-8. Mexican dollars 46.

Corn—Spot market easy No. 2, 82 1-2 nominal elevator. Options 1-2 to 7-8c net lower. July 83; September 81 1-2.

Oats—Spot steady; mixed 57 to 58

Lard—Weak.

Pork—Steady.

Tallow—Steady.

Rice—Steady.

Molasses—Quiet.

Sugar—Raw steady; fair refining 3.86; centrifugal 96 test 4.36; molases sugar 3.61. Refined steady.

Coffee—Was quiet and steady. No. 7, Rio 6 5-16; Santos No. 4, 8 3-4; mild coffee quiet; Cordova 9 3-4 to 12 1-2. Futures net unchanged to an advance of 5 points.

Freights and Peanuts—Unchanged.

Potatoes—Easy; Long Island and Jersey 2.75 to 3.25; western 2.00 to 3.25 culls 75c to 1.00.

Cabbages—Firm; Flat Dutch per 100 4.00 to 5.00. Red per barrel 9.00 to 10.00.

Cotton Seed Oil broke early with provisions but steadied later on lighter offerings. Prime crude nominal, prime summer yellow 46 1-2; off summer yellow 42 1-4 to 45; good off summer yellow 42 to 45; prime white 47 to 50; prime winter yellow 47 1-2 to 49 1-2.

Butter—Steadier; creamery extras 22 1-2.

Cheese—Steady, unchanged.

Eggs — Strong; nearby selected white 25 to 26; do good to choice 22 to 24; brown and mixed fancy 21 to 22.

CHICAGO PRODUCE MARKET.

(By Wire to The Morning Star.)

Chicago, July 14.—Profit taking on a large scale caused weakness today in the grain and provision market on the local exchange. The hog products were especially heavy and closed at net declines of 27 1-2 to 90c, the greatest loss being sustained by pork. Wheat for September delivery closed 1-4c lower. Corn was down 1-2c and oats were off 1-4c.

THE CONTESTS OF THE NATIONS

The Olympic Games in The Modern Stadium at London.

SECOND DAY'S CONTEST

Americans Close Contestants for First Place in the Day's Trials—The Different Classes of Sport. Weather Again Superb.

(By Cable to the Morning Star.)

London, July 14.—America and Great Britain captured most of the laurels today in the first real business day of the Olympic sports. Twice the Stars and Stripes fluttered to the top of the staff in the center of the arena and the American enthusiasts, who monopolized a section of the Stadium, waved their flags and broke out in cheers which, in a smaller field, would have been deafening. The honors were nearly even, for of the four events finished, the United States and the United Kingdom each won two gold medals. Great Britain, however, took three silver medals, while America got only one. Canada, Australia, Great Britain and Belgium each obtained a bronze medal.

The Yankees had the hammer throw to themselves, as had been expected, and the performance of John J. Flanagan, of the Irish-American Athletic Club, in breaking the Olympic record with the hammer and the almost equally good record made by M. J. McGrath, of the New York Athletic Club, were eye-openers to the foreigners. M. W. Sheppard of the Irish-American Athletic Club, however, did more spectacular work and aroused a greater degree of enthusiasm by crossing the tape ahead of his English rivals in a dashing finish in the 1,500 metre run. This the Englishmen had counted on for Wilson or Hallows, no prophets conceding America better than third place. To add to the satisfaction of the Americans the judges announced that George W. Gaidzik, of the Chicago Athletic Association, had done the best work in the fancy diving.

The British pedestrians had their own way in the 3,500 metre walk; there were no American competitors in this event.

The first three heats of the three mile team race were interesting. The United Kingdom was pitted against Daly, Holland and Germany in the first, and in the second the Americans met teams representing Sweden and France.

Great Britain had a walk over in the first heat, four members of her team keeping together throughout, running their opponents off their legs and coming under the wire elbow to elbow in slow time. The American competitors set a faster pace in their heat, but on nearing the finish the Frenchman, Bourin, shot ahead of the field and the best the Americans could get was second and third places. The Canadians who were expected to make a good showing in this heat, failed to appear. The final will be contested tomorrow by the three first men of each team.

The other interesting number on the programme today was the 660 yards cycle race of which there were sixteen heats. Of this number the United Kingdom won six, France three and America, Holland, Canada, Africa, Germany and Belgium one each, while one heat was void because the time limit was exceeded.

Sheppard's time in the 1,500 metre run was 4 minutes 3 2-5 seconds. Wilson, England, was second, and Hallows, England, third.

The two Americans, Sheppard and Sullivan lay back in the first part of the race and let the Englishmen take the lead. Sheppard was fourth until the last stretch and Wilson and Hallows were in the first string. As the men started to sprint on the back stretch of the final lap, Wilson was in the lead. As they turned in the straight, Shepard sprinted the last 100 yards and, passing his competitors, crossed the lay one yard and a half ahead of Wilson. Hallows was five yards behind Wilson. Tait of Canada finished fourth.

In the final of the hammer throwing contest, Flanigan finished first with a throw of 170 feet, 4 1-2 inches, beating the Olympic record. McGrath was second with a throw of 167 feet, 11 inches and Walsh, Canada, third 159 feet, 1 1-2 inches.

The second heat of the three mile team race was won by America. France was second; time 14 minutes 59 seconds.

The games were as bewildering to watch as a three ring circus. At one time a dozen bicyclists were wheeling along the outer edge of the oval, while 20 runners were racing on the cinder path just inside of it; swimmers with bright colored caps were splashing through the long tank, while on the greensward within, members of the Danish and German gymnastic club, arrayed in glaring white uniforms were performing spectacular feats on the horizontal and parallel bars, and giving exhibitions of calisthenic drills. Judges, scorers, trainers, timers and rubbers of the many nationalities represented swarmed everywhere.

The only disappointing feature of the exhibition was the crowd in attendance. The enormous Stadium which was built for the accommodation of 70,000 persons, at no time today held more than 10,000. Considering the English devotion to sports and the generosity with which the public responded to the appeal for $50,000 by subscription, the small attendance is surprising.

ELKS NAME OFFICERS

Grand Lodge in Session at Dallas Select Los Angeles For the Next Reunion and Convention of the Order.

(By Wire to the Morning Star.)

Dallas, Texas, July 14.—Grand Exalted Ruler Rush L. Holland, Colorado Springs, Colo.

Grand Esteemed Leading Knight, J. G. Shea, Hartford, Conn.; Grand Esteemed Loyal Knight, A. M. MacElwee, Fort Worth, Texas; Grand Esteemed Lecturing Kinght, Warren G. Sayre, Wabash, Indiana; Grand Treasurer, Edward Leach, New York; Grand Tyler, Charles E. Decker, Minnesota; Grand Trustee, Alfred T. Holley, Hackensack, N. J.; Grand Secretary, Frederick C. Robinson, DuBuque, Iowa; Grand Inner Guard, A. M. Taylor, St. Augustine, Fla.

Next convention city Los Angeles, Cal.

This is the result of today's session of the National Convention of the Benevolent Protective Order of Elks. The officers were elected by acclamation with the exception of the Grand Esteemed Loyal Knight A. M. MacElwee, Fort Worth, Texas, who defeated Charles E. Sweet, of Michigan, and Grand Inner Guard, A. M. Taylor, of St. Augustine, Fla., who won from Thomas G. Phalen, of Memphis, Tenn., and John J. J. Grooves, of Port Chester, N. Y. The selection of the 1909 convention city was hotly contested between Los Angeles and Detroit, the former winning by a fair sized majority. It is estimated that 35,000 people were served with good things to eat and drink at the barbecue today.

The annual report of the grand exalted ruler, John K. Tener, of Charleroi, Pa., shows that during the year lodges received by affiliation or invitation 46,345 members, 264 were suspended or expelled, 8,208 were stricken from the rolls for non-payment of dues; that 5,368 were admitted and 2,718 died.

Forty four new lodges have been added to the list with an increase of 29,789 in membership, making the total number of lodges today 1,125 with a total membership of 284,321.

Grand Treasurer Edward Leech's report, under date of June 10 shows a balance on hand of $100,029. Total receipts wre $224,515 with disbursements og $124,485.

The report of the grand trustees deals with the Elks national home at length, showing but one death during the last year; 32 residents at the home and the average age of such residents at 64 years. At 11 o'clock tomorrow will be held the "session of sorrow" for deceased members.

CAMPAIGN OFFICE.

Judge Taft Has Concluded That the Publicity of Same is Wise Course.

(By Wire to The Morning Star.)

Hot Springs, Va., July 15.—Judge William H. Taft has progressed sufficiently with the task of preparing his letter of acceptance to be delivered at Cincinnati on July 28th, to make plain the necessity of devoting two or three more days to a study of various platforms of the Republican and Democratic parties and speeches and letters of acceptance covering a good many years before he undertakes the work of putting his ideas in definite form. He will probably continue to read and compare platforms, speeches and letters of acceptance until next Friday and will devote Friday and Saturday to dictating the speeches which will contain only about 3,500 words.

Ever since the appointment of Geo. R. Sheldon, of New York as the treasurer of the National Committee, and the determination to have publicity of Republican campaign funds under the New York law, Mr. Taft has daily become more and more convinced of the wisdom of that course, and it is likely that he will give it considerable prominence in his speech of acceptance.

Mr. Taft has accepted an invitation of the Virginia Bar Association to deliver an address at Hot Springs, August 8th. It is not expected that he will touch upon politics.

THE DEMOCRATIC CAMPAIGN

Bryan to Make No Platform Speeches. The Call For Campaign Funds.

(By Wire to the Morning Star)

Fairview, Lincoln, Neb., July 14.—W. E. Gonzales, editor of the State of Columbia, S. C., and one of Mr. Bryan's lieutenants after a visit with Mr. Bryan and Mr. Kern today said:

"The statement that Mr. Bryan will not make a canvass is incorrect. It is his present purpose, however, to deliver no platform speeches but to make 10 or a dozen political addresses, dealing with the more vital issues as presented in the platform. Mr. Kern will make a more continuous campaign and it was assured in Denver that Mr. Towne will be no less active than if he had been the vice presidential nominee."

Mr. Gonzales said that campaign contributions would be invited by newspapers in his State and he believed every Democratic paper in the South would do likewise.

The World's Best Climate.

is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at R. R. Bellamy's drug store. Price 50c.

Dr. Worthington's Southern Remedy Kills Pain. Used over 60 years. Price 25 cents. Guaranteed by all dealers.

THE MANAGER FOR MR. BRYAN

No One Yet Chosen to Conduct The Democratic Campaign.

MR. BRYAN'S SUGGESTION

That National Committee Appoint a Sub-committee to Consider Matter Adopted—Parties Spoken of Not to Act.

(By Wire to The Morning Star.)

Fairview, Lincoln, Neb., July 14.—The appointment of a sub-committee of eleven to meet at the Auditorium Annex in Chicago on July 25 to name a chairman of the Democratic National committee and the adoption of a resolution providing for making public campaign contributions, were the principal accomplishments of the National committee meeting with W. J. Bryan and J. W. Kern at Fairview today. Democrats the country over were called upon to form clubs immediately to aid the campaign work.

It may be stated on authority that had the whole committee acted today National Committeeman John H. Atwood, of Leavenworth, Kan., in all probability would have been made campaign manager. Sentiment in that direction formed quite generally among the committeemen during the trip here from Denver last night. Mr. Atwood is a lawyer and business man of undoubted standing and he wants the position. He was not at Fairview today, a fact which is attributed to his belief that the chairmanship would be tendered him. That action was not taken was due to Mr. Bryan. The latter has no favorite for the position, nor was it antagonism to anyone which formed the motive of his action today.

Mr. Bryan suggested the appointment of the sub-committee and declared that upon it there should be no man who was either a candidate himself or had a candidate for the campaign leadership. This being put in the form of a motion by Josephus Daniels, of North Carolina.

Chairman Taggart appointed the following, his own membership being provided for in the resolution: Taggart, Indiana (chairman); Hall, Nebraska; Mack, New York; Osborne, Wyoming; Green, Rhode Island; Ryan, Wisconsin; Daniels, North Carolina; Wade, Iowa; Tomlinson, Alabama; Cole, California; Brady, Oklahoma. Daniels was made secretary.

The presence upon the sub-committee of Mr. Ryan is an assurance that he is no longer considered a candidate. Inquiry among members of the sub-committee failed to elicit leanings toward any candidate, but the fact that the appointment has been left in their hands is not believed to diminish the chances of Mr. Atwood.

D. J. Campau, of Michigan, is no longer being considered; Tom L. Johnson won't have it; Urey Woodson would prefer not to be considered, and Ollie James believes his greatest usefulness is on the stump.

This situation for the present, at least, leaves the sub-committee with but one candidate to consider, namely, Mr. Atwood. The only whisper heard against Mr. Atwood today was the fact that his eminence in the legal profession may have brought him into closer connection with corporations than would be consistent in a campaign against "corporate greed and predatory wealth."

There is ample time before the Chicago meeting for this matter to be investigated by the sub-committee if it should deem such action necessary.

Lincoln is extremely happy tonight because the formal notification of her foremost citizen that he has been chosen as the Democratic standard bearer will take place in his home town. The date was set for August 12, as this is a good two weeks after the date appointed for a similar function at Cincinnati for Mr. Taft. Mr. Bryan will have ample opportunity to prepare an answer to any statements the Republican nominee may make.

The official notification of the Vice Presidential nominee, Mr. Kern, will take place at Indianapolis at a date to be determined later. Mr. Kern left for home this afternoon.

Rain threatened when a little after 8 o'clock this morning the special bearing the committee arrived here. Mr. Bryan and Mr. Kern were at the door to meet them and had a word for each as he entered. Chairman Taggart called the meeting to order and Sergeant-at-Arms John I. Martin, stood guard at the door.

Mr. Bryan read a statement by the Vice Presidential nominee and himself. Mr. Bryan said in part:

"Aside from desiring to meet you personally, I thought there were certain things that ought to be decided upon at once, and as I have the honor of having with me at this time our candidate for Vice President, Mr. Kern, I have conferred with him about two or three matters and I shall present at this time a request in which he and I join. I have reduced it to writing.

"The platform recently adopted by the National convention of our party at Denver contains the following pledge:

"'We pledge the Democratic party to the enactment of a law prohibiting any corporation from contributing to a campaign fund and any individual from contributing an amount above a reasonable amount and providing for the publication before elections of all contributions above a reasonable minimum.'

"Mr. Kern and I are in hearty sympathy with the pledge and are gratified at its adoption. With its fulfillment a new era in American politics will begin. Elections will then be regulated as public affairs and the influences which control them instead of being secret will be known to the voters.

"As an earnest token that our party will make good its pledges we ask you to construe this plank and put it into immediate operation. This can be done by the adoption of a resolution announcing that in pursuance of the policy outlined in that pledge your committee will not accept any contribution whatever from any corporation; that it will not accept any contribution from any individual above a reasonable amount and that it will make publication before election of all contributions above a reasonable minimum. We suggest for your approval a maximum of $10,000 and a minimum of $100, no contribution to be received above $10,000, and all contributions above $100 to be made public before the election.

"We suggest also that on or before the 15th day of October publication shall be made of all contributions above $100, received up to that date; that after the 15th of October publication shall be made of such contributions on the day that the same are received and that no contributions above $100 shall be accepted within three days of the election."

Mr. Bryan then commented as follows:

"We have felt that this is the proper time to make this announcement. At the Republican National convention a plank in favor of publicity was turned down by a very large vote. The indignation that has been expressed over the action of the convention has already been felt by the Republican leaders and they are now attempting to avoid all the censure that has been falling upon them, by announcing that, through their treasurer, a New York man, they would publish the contributions after the election."

Mr. Bryan's suggestion was promptly adopted amidst applause, as was another one providing for the publication of a complete list of campaign expenditures within thirty days after the election.

PROHIBITIONISTS READY

Large Gathering of Clans in Columbus For National Convention.

(By Wire to the Morning Star.)

Columbus, O., July 14.—A majority of the 1,500 delegates to the Prohibition National Convention and many more visitors are in the city tonight and the hotel lobbies have taken on a real convention aspect. Escorting the delegations from the Union station to the hotel to which they were assigned, a decorated water wagon drawn by four white horses, emblematic of the prohibition States of the Union and followed by a mule labeled Missouri two thirds dray, caused much amusement among the delegates and visitors. All the delegations representing the States which cast the heaviest votes for the cause are on the ground, including Illinois, Pennsylvania, Indiana, New York, Ohio, Iowa, California Minnesota, Michigan and Wisconsin.

The convention will open tomorrow at Memorial hall. Charles E. Jones, of Chicago, chairman of the National committee, will call the convention to order, and Robert H. Patton, of Illinois, as temporary chairman will deliver the keynote speech. There will be three sessions tomorrow and if the present plans carry the platform will be adopted at the third, leaving only the nomination of the ticket for the session Thursday.

With seventeen names in the list of candidates the contest for the nomination for President tonight takes on an interesting aspect. Charles Scanlon, of Pittsburg and Jos. P. Tracey, of Detroit, appeared tonight to have an advantage over the field. Other States will push favorite sons, among the leaders being Fred W. Wheeler, of California, who also has a following among New England delegates; Daniel R. Sheen, of Illinois and Alfred L. Mannierre, of New York. Clarence E. Pitts, chairman of the New York delegation, which met today with its full strength of 216 delegates and alternates endorsed Mannierre, said the delegation would make a determined fight for their candidate. Johua H. Levering, of Baltimore, who was a candidate in 1896 did not take seriously the talk of re-nominating him and the candidacy of J. B. Cranfield, of Texas, has not up to this time gathered a large following. Members of the Indiana delegation which met today and endorsed Judge Samuel A. Artman, of Indiana, as their candidate for President have not given up hopes of inducing him to consent to the use of his name. Judge Artman is a Republican and is a candidate for a second term as circuit judge. His decision from the bench declaring the licensing of the liquor traffic to be unconstitutional has won for him the admiration of the Prohibitionists.

RAILROAD CONSOLIDATION

The Pennsylvania to Absorb the New York, Philadelphia and Norfolk.

(By Wire to the Morning Star)

Norfolk, Va., July 14.—General Agent James E. Davenport, of Norfolk, and Press Agent Lee, of Philadelphia, today not only confirmed the report that the New York, Philadelphia and Norfolk railroad is to be absorbed by the Pennsylvania system, but announced that the transfer would occur August 1st.

While this road has been operated for years on the friendliest of relations with the Pennsylvania, and the latter system during all the time has held an option for its purchase, only in recent months has it been decided to absorb the New York Philadelphia and Norfolk. Mr. Lee today declared that in lieu of the option a proposition was recently made for the absorption of the road and that it has been accepted by 90 per cent. of the shareholders. He is confident the remainder will acquiesce within 10 days and the transfer made as scheduled August 1st.

NO BEAUTY UNADORNED

can compare with the one wearing our jewelry. The sparkle of gems gives an added lustre to the eye of the proud wearer. If you are thinking of making someone a present let it be jewelry and that jewelry ours. Then you will be assured a quality that you can rely upon; a moderation in price that makes giving easy.

We are taking inventory this month and are offering some special bargains to close out certain lines.

BELLE of VIRGINIA

BLENDED RYE

Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

Sold at the places where gentlemen go to get a drink.

THE TRACKS BLOWN UP.

Supposed Outcome of Notice to Miners to Vacate Premises.

(By Wire to the Morning Star)

Birmingham, Ala., July 14.—The track of the Republic Iron & Steel Company between the mines at Sayreton and furnaces at Thomas, was blown up with dynamite today. Notice was posted today by the Tennessee Company at Wylam in the western part of Jefferson county that houses of the company occupied by Union men must be vacated by July 16. A statement from the Miners' headquarters today was to the effect that all the men remaining at work are Americans, the colored men and foreigners coming out with the Union.
